They have yet to learn that of all the problems in the universe the greatest is man and next to this comes that of man knowing and understanding himself, which fact these two Josephs have overlooked altogether. While both of them evidently very much desire to be on the popular side they cannot shake off the barnacle tendencles of their natures to cling to the moss-covered and antediluvian superstition that gold alone is the unit of value; and with all the fervency of their superstitious natures they cringe and bow down to their idol in fear and trembling all the while lest some rude hand might come this way and shatter it into fragments. But there are evidences that this idol is falling into decay, and what is more painful to the two Josephs still is the fact asked: The singular fact has been the droughts in that country. Your Boy Won't Live a Month. So Mr. Gilman Brown, of 34 Mill street, Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaris, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in world for lung trouble. Trial bottle free
